

The only Australian company capable of producing Vanadium and HPA with a Government Environmental Authority and Mining Leases Approved

Health Safety and Training Advisor

- Julia Creek residential role
- Full time
- Competitive Salary
- Professional development opportunities
- Career growth in Australia's leading critical minerals Vanadium and HPA proponent
- Construction of a concentrator and two refineries.
- Help us stay years ahead and move further ahead in this new growing industry!

About Us

Multicom Resources Pty Ltd is developing the Saint Elmo Project which will involve the construction of a mine, concentrator and two refineries on site 15km east of Julia Creek. The refineries will produce the critical minerals of Vanadium and High Purity Alumina.

Our goal is for all fulltime operations personnel to live local in the Julia Creek region.

We are the only Australian company capable of producing Vanadium and HPA with Government Environment Authority and Mining Leases Approved. We will be integral to Australia's battery revolution as Australia's leading vanadium and HPA proponent.

Multicom Resources can be described as an exploration and mineral processing company focused on the discovery and development of world class mineral deposits and has several tenements in addition to Saint Elmo. We are on a mission to bring high purity critical minerals to the world and become a reliable supplier for global technology manufacturers.

We offer more than a job, we provide growth, development and a future in Australia's most exciting critical minerals refining operation.

The Opportunity

We have an exciting opportunity for a Health, Safety, and Training Advisor to join our Team. In this role, you will be responsible for implementing and overseeing health and safety protocols to ensure the well-being of our team members at the Saint Elmo Mine. Your expertise will be vital in providing training and guidance on safety procedures, conducting audits, and continuously improving our safety standards. If you have a strong background in health and safety, a passion for training, and a dedication to maintaining a safe work environment, we want you on our team!

Multicom Resources Pty Ltd

Level 3, 310 Vulture Street, Kangaroo Point QLD 4169 Australia

**The only Australian company capable of producing Vanadium and HPA with a
Government Environmental Authority and Mining Leases Approved**

Key Responsibilities will include:

- Identify potential hazards and risks to health and safety arising from the work conducted at the St Elmo mine.
- Provide professional, timely and accurate guidance and support in WHS matters to the Site Senior Executive.
- Lead the development, implementation and ongoing review of key learning and development initiatives aimed at enhancing the participants experience and learning outcomes.
- Investigate, or assist in the investigation of any incidents.
- Assist with maintaining accurate safety records.
- Coach and develop leaders in the risk assessment process and incident investigations, providing advice, support and coaching to site personnel as required.

What you will require:

- Certificate IV or Higher in WHS or relevant tertiary qualification
- Minimum 3 years professional experience in Health, Safety or Training Related field
- Certificate IV Training and Assessing (desirable)
- Drug and Alcohol Tester Certification (or willing to obtain)
- Resource Industry, Trade or Operational background
- Strong Data Entry Skills
- Open Drivers Licence
- Ability to satisfactorily meet requirements of Pre-Employment Medical and Drug and Alcohol Screen

Why work with us:

- Attractive Remuneration
- Professional Development

We are looking for people that are ambitious but team players and able to use their initiative to drive outcomes. In line with this, the role will pay competitive rates and provide people with rapid and diverse experience. If you want to work with industry experts and gain exposure to Queensland's most exciting new critical minerals company, please apply below, and we will contact you soon.

Apply today by emailing jobs@mcres.com.au and quoting job reference number "MCHST001"

Please note, although developing relationships with agencies forms a component of the Multicom Resources talent acquisition strategy, on this occasion agency submissions will not be accepted.
